

## Troop 1946 Driver/Auto Information

While Scouting is identified as a “boy-led” activity, it doesn’t work without the support of the boys’ families. One place where this is most obvious is in transportation. Many troop parents help with transportation once, if not more often each year, often (but not necessarily) joining in on the entire event. National BSA rules require we have certain driver information on record. It is easier for us to collect this information annually than repeatedly for every trip. Please help us by completing and returning the following information with respect to any vehicles you may be driving for troop transportation.

Vehicle owner’s name(s): \_\_\_\_\_

Driver’s license number(s): \_\_\_\_\_

Kind, year & make of vehicle(s): \_\_\_\_\_

Number of passengers\*: \_\_\_\_\_

Insurance coverage (recommended minimums are \$50k/100k/50k, subject to state minimums):

Each Person \_\_\_\_\_

Each Accident \_\_\_\_\_

Property Damage \_\_\_\_\_

\_\_\_\_\_  
*signature*

\_\_\_\_\_  
*date*

\* number of seatbelts – all passengers must wear seatbelts
